SUMMER SCHOOL

The Grammar Academy team have developed a fun, unique and academic literacy program aimed specifically for non-resident English speaking and writing learners. Our materials are uniquely differentiated alongside our experienced staff. Set in the wonderful and extremely academic environment of Ackworth School, founded in 1779.

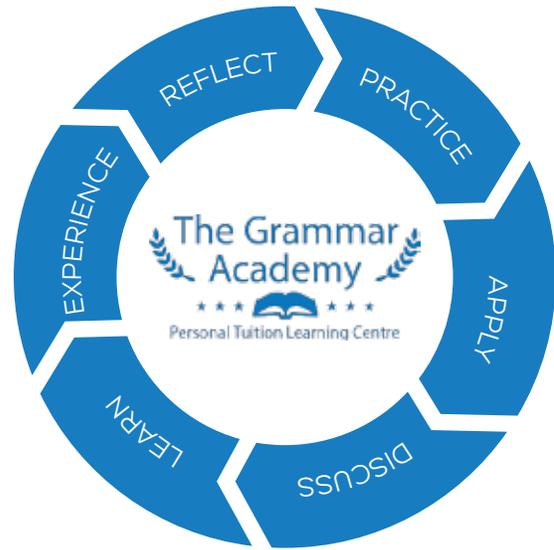

Our summer school offers students a safe and secure environment in which they will be exposed to culturally rich and socially engaging activities; these are all related to the academic tasks to complement each other. It is important to us that our students enjoy their summer experience in a safe and secure environment with access to the best teaching staff.

Our team of tutors are friendly, qualified and experienced with teaching outside of the classroom environment. Our tutors embed learning aims and keywords into the excursions to enable students to develop their ability to memorise experiences and apply the keywords within their literature tasks.

The Grammar Academy will provide all of our students with an individualised learning plan and an experience to remember! The summer program which we have developed is fun, unique and academic. The outcomes are measured with pre and post assessment tasks to evidence how much progress has been made by each individual within the program.

REVIEWS

“ The Grammar Academy have really helped me to become confident with my school work and also with the homework I get from school. My written skills have really improved, so my independent writing tasks are much more manageable independently at home. ”

“ The tutors were professional, friendly and polite with my children, I have had both of my children attend the summer school developed by The Grammar Academy. The teaching and learning aspect of their courses are developed with the modern curriculum in mind and mixed up with elements of current affairs and traditional language and literature texts. ”

“ My children all enjoy going to the Summer School, every year the program is different and innovative. The staff really do put their all into each individual student. I have been to pick my children up and whilst waiting and speaking to other parents I know that others feel the same way which is reassuring. ”

“ I loved the Summer School by The Grammar Academy! The tutors were helpful approachable and made me progress during the two weeks. I went back to school in September much more confident with my essay writing skills and much more able to develop plans for my writing. ”

“ Well-designed courses, with well-trained tutors! The Grammar Academy is simple, straightforward and hassle free. What they say is what they deliver and more. I would recommend them without any reservations. ”

ACKWORTH SCHOOL

Ackworth has always been a co-educational, boarding and day school. For over 230 years, we have maintained a passion for teaching and learning. We are proud of our traditions and family values, but equally proud of our innovative approach to co-education.

Ackworth is a dynamic and forward-thinking school. We strive to develop resilient individuals who not only think creatively, but also act ethically and with responsibility. We encourage our students to express themselves with confidence, to embody the Quaker value of speaking respectfully to others, but also in a way that is true to themselves and their beliefs.

Located in a beautiful rural setting in Yorkshire, we offer broad educational opportunities from nursery age to sixth form, for day pupils and boarders.
